FAVOURITE COSMETOLOGIST OF THE CLASSES AND MASSES

DR. PARIDHI GUPTA BESTOWED WITH THE GOLDEN GLORY AWARD 2023

The Golden Glory Awards 2023 presented by Brands Impact was organised on 24th June at the Leela, Mumbai to celebrate and recognise various stunning accomplishments and feats. Bollywood Actress Parineeti Chopra, honoured Dr. Paridhi Gupta with the "Most Iconic Celebrity Cosmetologist of the Year" Award.

The Golden Glory Awards (GGA) is an esteemed annual event that was ingeniously conceptualized and brought to life by Brands Impact. This illustrious awards ceremony serves as a platform to honour and acknowledge the remarkable accomplishments of individuals and businesses who have embarked on the path to success, leaving an indelible mark on their respective fields.

Dr. Paridhi Gupta is a celebrity cosmetologist and woman-serial-entrepreneur. For her clients' satisfaction, Dr. Paridhi puts in extensive

efforts to deliver the latest, greatest and safest cosmetic procedures.

Her contribution has played a vital role in democratizing celebrity-level beauty/aesthetic/cosmetic procedures, ensuring that they are accessible and affordable for people from all walks of life. She does not believe in imparting cosmetic procedures which provide quick results but are harmful in the long run. It comes as no surprise, then, that she is highly sought-after by many prominent individuals, including actors, models, politicians, event managers, and other public figures, who recognize the transformative impact she has on both their outward image and inner well-being.

Through her aesthetic treatments, she goes beyond mere physical transformation, instilling a sense of confidence and empowerment in individuals, enhancing not only their external appearance but also their internal perception of themselves.

Upon receiving the award,

Dr. Paridhi said "It is so important to become the better version of yourself. The best relationship you have is with yourself. Beauty procedures should never be used to hide yourself. These should be used to preserve, and enhance the beauty that already exists."

One of the things that sets Dr. Paridhi apart from other cosmetologists is her approach to personalised skincare. Rather than relying on a one-size-fits-all approach, she takes the time to get to know her clients and their unique skin concerns before developing a customised treatment plan that addresses their specific needs. The treatments include skin tightening, anti-tanning, as well as targeted skincare products and nutrition supplements to keep the skin looking its best.

When the entrepreneur in Dr. Paridhi saw the trend that most people want to "look good and feel great", she realised that to meet the aesthetic needs of a massive number of people,

a lot of cosmetologists and trichologists would be required by the market. Therefore, she founded an institute named IICT (International Institute of Cosmetology and Trichology) which trains people into becoming effective Cosmetologists and Trichologists.

International Institute of Cosmetology and Trichology (IICT) is an all in all institute.

- IICT has one of the highest students' satisfaction ratings across all over India.
 - They run multiple Aesthetic Clinics and have more than a decade's practical experience. Not only the trainers train from practical experience but also have excellent teaching and training skills. They have trained thousands of doctors into becoming cosmetologists and trichologists.
 - The students can be provided with certifications from UGC approved Indian University as well as from UK Education Board, if they have international ambitions.
 - Their faculty is very popular among students as they make the learning very easy and smooth.
 - IICT has also won numerous awards.
- Winning the Golden Glory Award 2023 serves as a testimony to Dr. Paridhi's remarkable accessibility and outstanding ability to articulate ideas, cultivating an empowering educational atmosphere & nurturing constructive aesthetic treatments for every individual.

VISHAL MALKAN LEVERAGES HIS EXTENSIVE EXPERIENCE TO HELP THE COMMON MAN UNDERSTAND THE STOCK MARKET

The Golden Glory Awards 2023 presented by Brands Impact was organized on 24th June at the Leela, Mumbai to celebrate and recognise various stunning accomplishments and feats. Bollywood Actress Parineeti Chopra, honored Vishal Malkan's venture Malkansview with the "Most Trusted Stock Trading Institution of the Year".

The Golden Glory Awards (GGA) is an esteemed annual event that was ingeniously conceptualized and brought to life by Brands Impact. This illustrious awards ceremony serves as a platform to honor and acknowledge the remarkable accomplishments of individuals and businesses who have embarked on the path to success, leaving an indelible mark on their respective fields.

Having navigated through

the thick and thin of the stock market and the world of finance in general, Vishal Malkan has mastered the art of risk management. Today, he leverages his penchant for trading and investing to help others achieve financial freedom.

One of the top coaches in the fields of stock trading as well as personal growth, Vishal ventured on this journey at the tender age of 16. He holds a degree in Commerce and an MBA in Finance and describes his professional journey as "nothing short of extraordinary!" Over the past 26 years of his career, grasping various theories, approaches, and concepts, he has simplified the systems and strategies one needs to navigate the stock market.

With this vision, Vishal founded the state-of-the-

art Malkansview Training Institute in 2008, where he imparts technical analysis, trading psychology, and personal motivation programs. He has partnered with top business coaches and institutions across India ever since, including Dr. Vivek Bindra, The Art Of Living Institute, Gurudev Sri Sri Ravi Shankar Ji, Guru Gaur Gopal Das, and so on. Through his 360° studio, Vishal has been able to coach thousands of people across all walks of life.

"My approach is to integrate simplicity with a holistic viewpoint when talking about finances and money-making," Vishal shares. "I passionately believe in demystifying the intricate nature of trading and investing so that people from all backgrounds can find them accessible and simple to understand," he adds. This outlook reflects

not just his training institute's ethos, but also Vishal's recently released book.

On this spectacular achievement he said, "This award belongs to all my students and followers who have placed unshakeable faith and trust in the Institute."

Vishal has co-authored "#CASHTAGS: How Anyone Can Get Started in the Stock Market and Level Up as a Power Trader", a book that delves into simple solutions to common trading problems. It starts by dispelling any and all fallacies about the stock market, addressing any unfavorable trading assumptions that may have developed through time, and offering remedies for them. The Golden Glory Award is a true testament to his years of hard work, sleepless nights, and deep immersion into the subject.
